

## LENOVO LEGION Y44w MAXIMUM VIEW. MAXIMUM THRILL.

The Lenovo Legion Y44w-10 is a 43.4-inch curved display that gives you a viewing experience wider than your imagination. The blazing-fast response time with a 144Hz refresh rate reduces motion blur and offers a smooth visual experience while gaming. The VESA certified DisplayHDR™ 400 coupled with the AMD FreeSync™ 2 technology and detachable Harman Kardon certified speaker offers a smooth and incredibly powerful gaming experience. You can easily expand your display's capabilities by connecting to up to two external devices simultaneously using two innovative USB 3.1 Type-C ports, HDMI 2.0, and DP1.4 ports.

### GET AHEAD IN THE GAME

- Superior Gaming Experience
- Seamless Multitasking
- Advanced Connectivity

### FEEL THE THRILL

- Display 43.4 inches
- HDR VESA certified DisplayHDR™ 400
- Technology AMD FreeSync™ 2
- Refresh Rate 144Hz
- Curvature 1800R

### WIDER AND WILDER

Be on top of your game with this monitor that offers an unrestrained viewing experience with the **1800R curvature**. The ultra-wide screen view and uniform picture quality on this **32:10 curved display** offer up to 11% more viewing area than a 32:9 monitor, ensuring that nothing on-screen escapes your eyes. A screen-size of almost **two 24-inch monitors** with a **footprint of a 43.4-inch monitor** offers optimum display space with the curved panel. The Y44w-10 is a non-bezel solution to replace splicing screens.

- Panel 43.4-inch Ultra-wide 1800R curvature
- Aspect Ratio 32:10
- Resolution 3840 x 1200 pixels

### KILL WITH THE RIGHT SKILL

The Lenovo Legion Y44w-10 equips you with an excellent **refresh rate of 144Hz** and **AMD FreeSync™ 2** technology on a **3840 x 1200 pixels** resolution display. Pairing the AMD FreeSync™ 2 technology with the **VESA certified DisplayHDR™ 400** offers a true to life gaming experience. Be as good as you can be with a **4ms response time** that eliminates streaking and ghosting, enhancing your gaming experience. Additionally, the detachable **Harman Kardon certified speaker** provides impressive sound quality as you engage in quality gaming.

Harman Kardon certified speaker (detachable)

### ADVANCED CONNECTIVITY

The Lenovo Legion Y44w-10 allows you to bring a range of devices like a desktop tower, notebook, or even a mobile phone\* onto one customizable screen. You can easily connect up to two devices and transfer power, data, video/audio signals simultaneously using the **USB 3.1 Type-C Gen2 and Gen1 ports** and display content from each device on one display. The picture-by-picture (PBP) and picture-in-picture (PIP) functionalities with KVM switch help you manage video inputs from up to two devices for easy content viewing and seamless multitasking. You can game and video chat simultaneously without either one slowing down.

\*Requires mobile phone with full function USB Type-C port

- Connectivity for Multitasking  
USB Type-C Gen2  
USB Type-C Gen1
- Additional Ports  
2 x HDMI 2.0; DP1.4  
4 x USB 3.0  
1 x Audio Out

### OPTIMIZED USER EXPERIENCE

The Lenovo Legion Y44w-10 is designed for gaming and multitasking at ease. The **hidden front-facing USB 3.0 ports and an audio jack** in the one-push hub provide extended connectivity to peripheral devices like a smartphone and headset. A stylish and sturdy monitor stand with lift, tilt, and swivel functionality provides ease of use. The **display with TÜV Eye Comfort certification** helps reduce eye strain even when your game goes on for longer hours. Charge up to two compatible devices with the **Smart Power** function that identifies power consumption and manages the power distribution for each device.

- Functionality Lift, Tilt, and Swivel
- Certification TÜV Eye Comfort
- Special Functions Push n Push Button
- Special Functions Smart Power function (up to 90 Watts)
