PURPOSEFUL DESIGN & PERFORMANCE.

Meet the Lenovo™ Yoga™ 9i, designed to put your experience first with the powerhouse combination of performance, responsiveness, battery life and stunning visuals. Innovative features are encased directly in a sleek 2-in-1 metal chassis with an optional leather cover, combined with the advanced mobile performance of next-gen Intel® Core™ processors and powerfully immersive entertainment.

WHY YOU SHOULD BUY THE LENOVO YOGA 9i (14")

Thoughtful design

Featuring precision-machined, aerospace-grade metal, this stylish 2-in-1 is available in Shadow Black with an authentic leather cover, or in warm Mica. Purposefully designed with your experience in mind, thoughtful details include a webcam privacy shutter, a garaged pen that charges in its port; and an edge-to-edge glass palm rest* that feels smooth to the touch.

Entertainment powerhouse

Experience powerfully three-dimensional audio in all modes, thanks to encased speakers in our 360° hinge capable of delivering Dolby Atmos® sound. An up to 4K VESA400 HDR display with 500 nits brightness and 90% DCI-P3 color spectrum delivers stunning visuals optimized with Dolby Vision®, integrated Intel® graphics and more than 90% screen ratio.

Boundary-breaking performance and responsiveness

Experience the perfect combination of performance, responsiveness, battery life and stunning visuals in a new class of sleek, stylish laptops. Co-engineered by Lenovo and Intel® to provide the ultimate experience for life and work anywhere, the Yoga 9i offers remarkable responsiveness, lightning-fast Gigabit speeds with Intel® WiFi 6, and two Thunderbolt™ 4 ports connecting to power and accessories with a single cable.

Smarter convenience

The Yoga 9i optimizes your experience with AI innovation across a range of smart features. Stay active for up to 18 hours (TBD) of battery life, thanks to Intelligent Cooling, co-engineered with Intel® to optimize power according to your needs. Local video automatically upscales to higher resolution, for an ultra-clear entertainment experience. And in select markets, you’ll be able to speak to voice assistant Alexa—now featuring an improved UI and expanded features.

* Available on 14" leather cover model.

PURPOSEFUL DESIGN & PERFORMANCE.

The Lenovo™ Yoga™ 9i was designed and engineered to put your experience first. Innovative features are encased directly in a sleek 2-in-1 metal chassis. Packed with powerhouse performance typically only available from desktops, up to 10th Generation Intel® Core™ HK-Series Mobile Processors enable desktop-caliber creativity and productivity.

WHY YOU SHOULD BUY THE LENOVO YOGA 9i (15.6")

Thoughtful design

Featuring precision-machined, aerospace-grade metal, this stylish 2-in-1 is available in classic Slate Grey. Thoughtfully designed with your experience in mind, details include a webcam privacy shutter, a garaged pen that charges in its port; and a fingerprint reader that recognizes only you.

Entertainment powerhouse

Enjoy stunning visuals on a 15.6" display with up to 4K VESA DisplayHDR™ 400 clarity, featuring 500 nits brightness and optimized with Dolby Vision® and more than 90% screen ratio. You’ll also enjoy powerfully three-dimensional audio in all modes, thanks to our 360° speaker hinge which delivers Dolby Atmos® experiences.

Desktop power in a sleek laptop

Powered by 10th generation Intel® Core™ processors featuring up to 5.3 GHz Turbo, 8-Cores and 16 threads, the Yoga 9i offers incredible desktop-level like performance. Enjoy best-in-class connectivity with Intel® WiFi 6 and Thunderbolt™ 3. Supercharge your performance with powerful NVIDIA® GTX 1650 Ti with Max-Q Design graphics, which will accelerate the apps you use every day.

Smarter convenience

The Yoga 9i optimizes your experience with AI innovation across a range of smart features. Intel® Dynamic Tuning Technology uses machine learning algorithms to predict workload needs, intelligently adapting power based on usage and system temperature, extending battery life to average of 13 hours of use. Local video automatically upscales to higher resolution, for an ultra-clear entertainment experience. You’ll also be able to speak to voice assistant Alexa in select markets, now featuring an improved UI and expanded features.
