EFFICIENCY AND SECURITY IN A COMPACT FORM

Introducing **Windows 11**, an OS designed for hybrid work. Built on the familiar Windows foundation but reimagined to boost employee productivity and enhance collaboration on the most secure version of Windows yet. It is more productive, more collaborative and consistent for IT, and secure for all.

INTELLIGENT FEATURES

Powerful Processor: no matter what the day may throw at you, manage your tasks efficiently with the **11th Gen Intel® Core™ i processors** enhanced by AI-based technology along with the **Intel® Evo™** platform, ensuring you are productive every day.

Effortless Connectivity: up to 16GB dual-channel LPDDR4X memory and up to 1TB SSD ensure applications open faster and run smoother, allowing you to get more done in your workday.

Smart Access: install and enjoy almost any **Android business or casual app, right from the Microsoft Store on Windows 11**. Use your device for entertainment between work with all streaming services consolidated in the **Entertainment tab of Microsoft Store**. Cast it to a screen easily using the **built-in wireless display connection**.

ELEVATED USER EXPERIENCE

Power On and Log In Instantly: start your PC with just a touch. Smart Power On lets you power on and unlock the PC with your fingerprint in one step—like a smartphone.

Security Guaranteed: your key data is encrypted using a discrete trusted platform module (dTPM), so your sensitive information is safe at all times. Get all the privacy you need with ThinkShutter—a physical shutter to block the HD camera lens so you can show yourself only when you want to.

Utilitarian Convenience: group all related apps using **Snap Groups on Windows 11—access them instantly from the taskbar whenever you resume working, thanks to the superior responsiveness of dual SSD**.

Hero Start Screen: improve your focus with a simpler, more intuitive user experience on **Windows 11** with a **centered Start, clean layout, and effortless navigation**. **Cloud-based start menu** remembers your apps and files, allowing you to start exactly where you left off, enhanced by the Wi-Fi and speed-assured Intel® Evo™ verification.

BUILT STYLISHLY FOR TODAY'S WORKFORCE

Unmatched Display: with a **screen-to-body ratio of over 90%** and an aspect ratio of 16:10, you get a lot more screen in a small form factor. Its 400nits, TÜV Rheinland Eyecare certified WQXGA LCD panel ensures you work with minimal eye fatigue, no matter how many hours you spend in front of your screen.

Thin, Sleek, and Portable Design: the dual-tone Storm Grey or Cloud Grey top cover is guaranteed to make its presence felt. **Starting at 1.13kg and with a thickness of just 12.9mm**, you will love showing this PC off.

A Quiet Performer: the 13x is designed to go about its day silently. With just one fan encased in its chassis along with ITS 4.0 technology, it possesses impeccable thermal performance, allowing you to work without worrying about overheating.

OPTIMIZED FOR COLLABORATION

Enhanced Audiovisuals: online meetings are a drag if the video and audio are not up to the mark. Equipped with Dolby® Atmos™ and Dolby® Vision™, you can not just engage in seamless VoIP calls, but also enjoy your favorite content in your leisure time.

Hands-free Voice Typing: **typing with your voice works beautifully on Windows 11** with the four powerful built-in mics, Intel® Core™ i7 Processor, and up to 16GB memory.

No More Meeting Delays: **Microsoft Teams is integrated into Windows 11, so you can seamlessly share content** and use the instant-mute/un-mute straight from the taskbar for better meetings.

EFFICIENCY AND SECURITY IN A COMPACT FORM

RECOMMENDED ACCESSORIES

THINKBOOK 13" SLEEVE
PN: 4X41B65330

Protect your ThinkBook with a light yet durable sleeve that keeps it safe. Its thin and lightweight design makes it easy to carry and hold, while the Grey outer color makes for a modern aesthetic. The soft, microfiber interior with sufficient padding keeps your device in tip-top shape.

THINKBOOK BLUETOOTH SILENT MOUSE
PN: 4Y50X888XX

This tiny accessory will be the companion your PC deserves. Modern, low profile, ambidextrous design with silent buttons makes it a premium peripheral you won't want to let go of. Get more precision and control with dual-host Bluetooth connectivity (with Microsoft SwiftPair) and 2-way scroll with on-the-fly DPI adjustment to up to 2400. Equipped with a blue optical sensor with track-on-glass compatibility, the mouse works on any glossy surface.

**LENOVO THUNDERBOLT™ 3
ESSENTIAL DOCK**
PN: 40AV0135XX

The Lenovo Thunderbolt™ 3 Essential Dock packs the performance of a premium dock, at a price that everyone can afford. Powered by Intel's Thunderbolt™ 3 Titan Ridge technology, it's designed to boost your productivity with dual 4K displays, blazing-fast 10Gbps data rates, and a range of optimized ports.
