Time to unlaptop and go places.

Time to unlapto and go places. The Lenovo IdeaPad Duet 3 Chromebook is the ideal work and play device for the hyper-mobile looking for superior experience with the larger 11" 2K near-borderless display, faster connectivity options, all-day battery life, and the more powerful, fanless and efficient performance of the Snapdragon® 7c Gen 2 Compute Platform to get things done while on the go. Work on the detachable keyboard or take notes and sketch with the stylus pen.

WHY YOU SHOULD BUY THE LENOVO IDEAPAD DUET 3 CHROMEBOOK (11", 7)

Go anywhere, do anything.
Light and thin at 7.9 mm, the IdeaPad Duet 3 Chromebook is made for day trips to the supermarket, park or café, where you can pop in the detachable keyboard to write a journal whenever needed, or remove the folio case and hold it as a camera for a spontaneous chat with your friend living miles away, while flashing style with the iconic dual-tone design. Equipped with a full set of connectivity options, the IdeaPad Duet 3 Chromebook comes with two full-function USB 3.0 Type-C™ ports with data, video and charging capabilities, as well as Bluetooth® 5.1 and WiFi 5 for smooth and stable connections.

More screen, more pixels
Watch Netflix¹ on a more expansive screen and heightened detail and clarity with almost twice the number of pixels on the brilliant 11" 2K display, framed by narrower bezels to yield 15.8% greater active area ratio. The TÜV Rheinland certified low blue light content reduces eye strain as you work or study all day. Scroll, zoom and create more naturally and intuitively with the touchscreen. The 5MP front-facing camera and 8MP rear-facing webcam deliver crisp, clear and detailed streaming, video calling and images.

All-day performance, without the fuss
Stay quick and nimble throughout the day. The Snapdragon® 7c Gen 2 Compute Platform delivers fast, light, fanless and efficient performance on the speedy, secure and simple-to-use Chrome OS. Its energy efficiency and 12 hours² battery means you’ll never have to look for an outlet during the day. With up to 8 GB RAM and 256 GB of storage space, the IdeaPad Duet 3 Chromebook is made for power users who need to store more files and access speed than you can find on the average Chromebook.

Sketch, create, take notes
Sketch, create or take notes on your IdeaPad Duet 3 Chromebook, which features stylus support. Attached via a removable pen clip to the folio case, the stylus pairs quickly and draws just like a real pen, with tilt support for natural-angled brush strokes and lower latency, reducing uplink time by half. The keyboard automatically locks itself as you fold it to the back, so that you can fully focus on the screen.
