ThinkPad T16 Gen 1 i

With an expansive 16-inch, 16:10 aspect ratio display, full-size keyboard with number pad, larger battery for longer uptime, and multiple high-speed Internet connectivity options, ThinkPad T16 Gen 1 i is the perfect companion for serious work-from-anywhere productivity. This device also touts intentional sustainability and refined design with a sleek form factor and color options include a distinguished Thunder Black and showstopping Storm Grey.

For ThinkPad T16 Gen 1 i, performance is the name of the game thanks to Intel vPro® with 12th Gen Intel® Core™ U and P series processors with integrated Intel® Iris® Xe or supercharged Nvidia® graphics. It’s also a true team player with features, like optional FHD and Hybrid resolution cameras and Dolby® Voice technology, that make virtual collaboration clear and seamless.
ThinkPad T16 Gen 1

GET WORK DONE
When it comes to configuring the ultimate laptop for productivity, ThinkPad T16 Gen 1 gives users an array of options to get the job done. Choose from up to Intel vPro Enterprise with 12th Gen Intel Core U and P series processors, up to 48GB DDR4 (3200MHz) memory, up to 2TB Gen 4 performance PCIe storage, and Intel Iris Xe or Nvidia MX and RTX Discrete graphics. Two large capacity battery options ensure ample power for all-day work or all-night gameplay.

STAY CONNECTED
In addition to offering numerous latest-gen ports for connecting to multiple monitors, docks, and more, ThinkPad T16 Gen 1 also gives users multiple options for accessing Gigabit Internet speed anywhere they happen to be with Intel Wi-Fi 6E and 4G/LTE (CAT4 and CAT16) connectivity capabilities.

HAVE SOME FUN
ThinkPad T16 Gen 1 is a joy to use during work and play, with impressive 16:10 aspect ratio displays that include WUXGA IPS Touch and WQXGA IPS options, both with Low Blue Light technology to reduce eye fatigue. Stunning visuals are paired with a Dolby Audio Speaker System and Dolby Voice AI noise suppression technology for outstanding audio clarity whether hosting a videoconference or a movie marathon at home.

BE PROTECTED
Users enjoy a heightened level of security through a combination of robust built-in ThinkPad and ThinkShield security features, including IR camera with human presence detection, Privacy Guard display, Power-On Touch Fingerprint Reader, and a webcam shutter, coupled with hardware-based security powered by Intel vPro security to help protect data and your business against the latest evolving threats.

sustainability
The ThinkPad T16 Gen 3 uses 90% recycled and/or sustainable packaging, as well as PCC recycled material for the battery brackets, speaker enclosures, and AC adaptors. All Lenovo devices are manufactured using low-temperature solder for reduced emissions. And by 2025, Lenovo aims to obtain 90% of electricity for global operations from renewable sources and remove one million tons of greenhouse gas emissions from the supply chain.

customization
Between processor, memory, storage, graphics, and display options, ThinkPad T16 Gen 1 offers true customization. It also comes in two stunning color/material combinations.

connectivity
ThinkPad T16 Gen 1 is built for connectivity wherever users work or play with Intel Wi-Fi 6E and 4G/LTE (CAT4 and CAT16) WWAN capabilities.
ThinkPad T16 Gen 1 i

Lenovo offers a comprehensive portfolio of end-to-end services to support and protect your investment—so you can focus on the job at hand, not IT.

Services

**PREMIER SUPPORT**
Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

**BULK PACKAGING SERVICE**
Bulk Packaging is an environmental packaging solution designed for multiple product types. Each package contains multiples of one like-type product to minimize the amount of material used without jeopardizing the integrity of packaging necessary to protect product in shipping process.

**CO₂ OFFSET SERVICE**
As an option with the hardware purchase, the Lenovo CO₂ Offset Service gives customers a simple and transparent way to give back to the environment by helping them offset the carbon emissions associated with their Lenovo PC. With it, Lenovo has calculated the carbon emissions of its PCs across their lifecycle, from manufacture and shipment, all the way through usage and disposal. Carbon offset credits are later purchased based on the calculated emissions of the specific device, and Lenovo’s carbon offset partner contributes them to one of several United Nations Climate Action projects.

Accessories

**Lenovo Thunderbolt Dock Gen 2**
Broadly compatible, this dock expands data, power, and video, providing one connection with no limitations.

**Lenovo Go USB-C ANC In-Ear Headphones**
Experience high-quality active noise-canceling audio in a highly portable in-ear package, and switch to an ambient “talk-through” mode at the tap of a button. Designed to work universally with any USB Type-C device, the in-ear headphones include in-line buttons for quick control of playback and calls, and three sizes of silicone ear tips are included for the best fit.

**Lenovo 16.6-Inch Commuter Backpack**
Lightweight and weather-proof backpack features a compartment for notebooks, electronics, and accessories, a wet/dry ventilation compartment for clothes and shoes, a back panel security pocket, trolley strap, and removable shoulder straps.
