Engineered to go where others can’t, the ThinkStation P360 Tiny combines simple and efficient design with the professional power of a workstation. The industry’s smallest workstation, at less than one-liter total volume, offers uncompromising performance in a form factor that is 96% smaller than a traditional desktop. Packed with the latest Intel Core processors and NVIDIA professional graphics, this Tiny system boasts support for a wide range of accessories and up to six independent displays.

The ideal professional device to meet the demands of architecture and engineering, finance, healthcare, STEM education, and remote work, this ISV-certified workstation packs a powerful punch, all in a pint-sized package.
