**ThinkVision T27hv-30 Monitor**

**Remote collaborations have never looked and sounded better!**

Feels just like working from office!

Looking for a monitor that delivers absolutely clear audio and stunning visuals? The ThinkVision T27hv-30 Monitor may be the answer for you! VoIP functionality makes Remote collaboration on this monitor a breeze. This large size, coupled with the wider viewing angles of the In-Plane Switching panel ensures that your team doesn’t have to huddle too close to get a clear view of your display. The monitor’s QHD resolution lets you view all your work-related documents and meetings with unparalleled clarity! While the two in-built SW speakers and VoIP functionality ensure that you’re able to hear your colleagues clearly during meetings, the two noise-cancellation microphones ensure that you are heard clearly too! If you need additional room for multitasking, the DP Out port allows you to daisy chain an additional monitor, doubling the available screen size! The ThinkVision T27hv-30 Monitor’s Windows Hello Facial Recognition feature makes logging into work a breeze, while the 5MP camera ensures that you always look sharp and crystal clear. If you use several accessories and external storage devices, the availability of four USB 3.2 Gen 1 Type-A ports ensures you always have options. Now connect your laptop to the monitor with a single cable, while using the monitor’s RJ45 port and DP-out port for connecting to the internet and to additional monitors. The LTPS (Lift, Stand, Pivot, Swivel) stand allows you to adjust the monitor till it perfectly fits your preferred ergonomic position, while the Natural Low Blue Light technology protects your eyes from harmful blue light without any color distortion. Lenovo’s new integrated smart sensor works mindfully to elevate your user experience by alerting you if you’re sitting too close, reminding you to get up and take a walk frequently, and turning off the screen when you leave. If getting work done is your priority, then the ThinkVision T27hv-30 Monitor will help you get it done sensibly.

**Features of ThinkVision T27hv-30 Monitor**

**Gears you to work quickly!**

Ultra-fast login is now possible on the ThinkVision T27hv-30 Monitor, using the IR+RGB Camera which supports the Windows Hello Facial Recognition feature. The conveniently-placed hook switch, volume control, and mute button ensure that changing the monitor’s settings is extremely easy. Using the Ethernet and USB-C input, you can connect the monitor to the display with a single cable!

**Puts your meetings in focus!**

With the ThinkVision T27hv-30 Monitor’s dedicated Teams button, getting to meetings has never been easier. The in-built dual SW speakers produce clear stereo sound so that you never miss a word of what’s said in any meeting, while the two ENC microphones ensure that you sound perfectly clear! Additionally, the 5MP camera ensures that you look sharp in all your video meetings.

**Makes you comfortable.**

The introduction of the new smart sensor allows the ThinkVision T27hv-30 to really elevate your user experience and even care for your health. The monitor can now alert you when you’ve been sitting for a long and when you’re sitting way too close to the screen. Additionally, it can even turn off the monitor when it senses that you’re away, granting you some more privacy.
