ThinkPad X1 Nano Gen 3

The lightweight, go-anywhere laptop of choice for professionals, ThinkPad X1 Nano Gen 3 is packed with updates that users are sure to appreciate. On the lid, a design feature called the communications bar highlights the FHD camera options and microphone features while also making it easier to open and close. Lightweight touch technology provides an exceptional user experience and keeps the device easily portable.

ThinkPad X1 Nano Gen 3 continues to provide outstanding performance with Intel vPro®, an Intel® Evo™ Design with 13th Gen Intel® Core™ processors and blazing fast Gigabit connectivity via Intel® Wi-Fi 6E and optional 4G LTE. Built-in ThinkShield and Intel vPro® platform security comprised of hardware-assisted virtualization and encryption that helps prevent attacks against the OS, login credentials, installed applications, and data combine with an improved lineup of AI and biometric authentication to keep devices, users, and their data secure.

Co-engineered with Intel, the ThinkPad X1 Nano Gen 3 meets Intel® Evo™ laptop design requirements, hardware specifications, and key user experience targets for consistent responsiveness, instant wake, all-day battery life, fast charging, and intelligent video conferencing. This Evo-certified laptop also includes Intel® Unison™ for seamless connectivity with your Android or iOS smart phone for calling, messaging, and file and photo sharing—all done from your laptop.
