(Pre-release version for CES 2023)

**ThinkBook**

Do the **Unthinkable.**

*ThinkBook Wireless Dock is built for and bundled exclusively with the ThinkBook 13x Gen 2*

Powered by up to 12th Gen Intel® Core™ i7 processor
Lenovo ThinkBook 13x Gen 2 and the ThinkBook Wireless Dock

Today’s professionals are accustomed to less clutter and more features in their work setup. They need more pixels, screens and peripherals, and ways to power their work. With ThinkBook Wireless Dock—get ready to jumpstart a new approach to handy wireless docking.

Lenovo’s innovative wireless docking stations cater to those seeking a cable-less experience, providing convenient connectivity. ThinkBook Wireless Dock is designed to accommodate ThinkBook 13x Gen 2 and helps in boosting productivity and user experience with multi-display functionality and port availability. As an entirely wire-free docking solution offering long-desired freedom of movement and workspace simplicity, ThinkBook Wireless Dock makes your work more efficient and far easier.

ThinkBook Wireless Dock

Bring Out Your Best Version of Productivity

ThinkBook Wireless Dock, acclaimed as an industry-first, true wireless docking station, increases productivity by charging and facilitating the connection to displays. It acts as a charging mat, where you can wirelessly connect your ThinkBook 13x Gen 2 laptop, doing away with cables altogether in favor of the incredible Wi-Fi 6. The Wireless Dock supports up to two displays with a 4K resolution at a 60Hz refresh rate. The 4K display support comes from the HDMI and USB-C ports, which gives you a crystal-clear display, allowing for a more effortless multi-screen experience. Designed by Lenovo and powered by Energysquare’s technology, the ThinkBook Wireless Dock provides high-efficiency 45W contact-based charging and supports up to 10W universal wireless charging for mobile devices—guaranteeing extended productivity.

Rid Your Workday of Multi-cord Frustrations

Perfect for stationary places of work, the ThinkBook Wireless Dock is secure, intuitive, and additive to productivity. With the ThinkBook Wireless Dock, you don’t have to juggle between cables, drastically improving your workday. The gadget, paired with ThinkBook 13x Gen 2, provides a stress-free use of your accessories, allowing you to work smarter and faster. ThinkBook Wireless Dock, weighing just 530g and with a thickness of 17.5mm, is an ideal companion for your ThinkBook 13x Gen 2 laptop, giving you super smooth, latency-free connectivity thanks to Wi-Fi 6 technology.

Empower your Workday Experience

The connection process of the Wireless Dock is super easy and is established via stable Wi-Fi 6 connectivity. ThinkBook Wireless Dock helps users set up their workspace faster, with a boot-up time and connection items similar to legacy cable docks. Its ability to connect to two monitors and other peripherals while also charging the laptop vastly simplifies the desk setup process. Users can get to work more quickly and perform better. Count on the pervasive high-speed connectivity coupled with secure and reliable wireless docking for a superior work experience.
